**EPA RELEASES FINAL SUPPLEMENTAL FEASIBILITY
STUDY (SFS) REPORT ON THE WEST LAKE
LANDFILL
SUPERFUND SITE
BRIDGETON, MISSOURI**

The U.S. Environmental Protection Agency (EPA) has released the final SFS Report for the West Lake Landfill Superfund Site and placed it on the website for the public to view. EPA is not taking public comments on the SFS Report. EPA may propose a modification to the remedy selected in the 2008 Record of Decision (ROD) for the Site, either major or minor, based on the information provided in the SFS.

If EPA proposes a major or minor change to the ROD, EPA will hold a public meeting to answer questions and take public comments on the proposed decision. A public announcement will be sent prior to that meeting. EPA will make a final decision at the close of the comment period. The link to the SFS Report is:

www.epa.gov/region7/cleanup/npl_files/west_lake_landfill

If you have questions about this Report or any other facet of the West Lake Landfill Superfund Site, please contact:

**Debbie Kring, Office of Public Affairs
U.S. EPA, Kansas City, KS (1-800-223-0425)**
